# LODI UNIFIED SCHOOL DISTRICT

## Policy 5111.1

### **Students**

## **District Residency**

The Board of Education desires to admit all students who reside within district boundaries or who fulfill the district residency requirements through other means as allowed by law. The Superintendent or designee shall develop procedures to facilitate the receipt and verification of students' proof of residency.

The Superintendent or designee shall annually notify parents/guardians of all existing attendance options available in the district, including, but not limited to all options for meeting residency requirements for school attendance.

The Superintendent or designee shall require parents/guardians to provide documentation of the student's residency upon admission to a school district. A copy of the document or written statement offered as verification of residency shall be maintained in the student's mandatory permanent record.

When establishing a student's residency for enrollment purposes, the Superintendent or designee shall not inquire into a student's citizenship or immigration status.

A student's enrollment may be denied when the submitted documentation is insufficient to establish district residency. In any case, the Superintendent or designee shall notify the parent/guardian in writing, including specific reasons for the denial.

### Investigation of Residency

When the Superintendent of designee reasonably believes that a student's parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets district residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency.

The Superintendent or designee may assign a trained district employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. Before hiring a private investigator, the

Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the district.

The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view.

Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during that course of the investigation.

# Appeal of Enrollment Denial

If the Superintendent or designee, upon investigation, determines that a student does not meet district residency requirements and denies the student's enrollment in the district, he/she shall provide the student's parent/guardian an opportunity to appeal that determination.

The Superintendent or designee shall send the student's parent/guardian written notice specifying the basis for the district's determination. This notice shall also inform the parent/guardian that he/she may, within 10 school days, appeal the decision and provide new evidence of residency.

The burden shall be on the parent/guardian to show why the district's determination to deny enrollment should be overruled.

A student who is currently enrolled in the district shall be allowed to remain in attendance at his/her school pending the results of the appeal. A student who is not currently enrolled in the district shall not be permitted to attend any district school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that district residency requirements were not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the district's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.
