

Lodi Unified School District

Budget Department

2020-21

Chart of Accounts

1st Quarter Updates
July - September 2020

The District uses a 28-digit budget code to identify all expenditures. The code is made up of nine independent parts.

A brief explanation of each part is given in each section before the actual codes are listed.

The nine parts of the code and their respective digits are:

XX	-	Fund
XXXX	-	Resource
X	-	Year
XXXX	-	Goal
XXXX	-	Function
XXXX	-	Object
XXX	-	Site
XXXX	-	Management
XX	-	Bargaining Unit

A completed budget code would appear as follows:

01.0000.0.0000.7310.4300.891.5520.00

Coding should be done at the school or department level to insure prompt and accurate processing.

If there are any questions regarding coding, please contact:

Please refer to the Chart of Accounts link on the District infonet under the Budget department for quarterly updates.

FUND

The FUND code indicates the major funding category. Most coding uses Fund 01, which indicates the general education program of the district (special federal funding, state allowance, special education, etc. are all included under Fund 01).

01	-	GENERAL FUND

RESOURCE

The RESOURCE field gives the Local Education Agency the ability to track activities funded with revenues that have financial reporting or special accounting requirements (e.g., State Lottery) or track activities fund with revenues that have restrictions on how the funds are spent (e.g., Title I). Those activities using revenues that are unrestricted within a fund are coded to Resource 0000.

YEAR

The project YEAR field is used to distinguish the activities of the same grant with different project years within the fiscal year. In most cases, the grant is a federal one; however, in some instances, state grants have different fiscal years. (Please contact the Budget Department for further clarification.)

0= CURRENT FISCAL YEAR (OR 19-20)

1= 2020-21

2= 2021-22

3= 2012-13

4= 2013-14

6= 2015-16

7= 2016-17

8= 2017-18

9= 2018-19

GOAL

The GOAL field defines an objective or a set of objectives for the LEA. Another way to view the Goal is to look at the instructional setting or the group of students who are receiving instructional services; regular classes, special education classes, vocational education, adult education, or community service, for example.

FUNCTION

The FUNCTION represents a general operation area in the LEA and groups together related activities. A Function describes activities or services performed in order to accomplish the goal. For example, to provide the appropriate atmosphere for learning, school districts transport students to school, teach students, feed students, and provide health services. Each of these activities is a Function. Function refers to the activity or service performed to support one or more goals.
