School Accountability Report Card Reported Using Data from the 2017–18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018–19)

Turner Academy's mission is to work with students in collaboration with family, caretakers and the community to assist them in developing coping skills, changing behaviors and achieving academic standards in order to realize their potential. At Turner Academy all of our professional staff are committed to creating a positive, safe learning environment free of prejudices, enabling our students to realize their full academic and social potential.

Turner Academy was reopened in August 2012 as a separate special education campus for students who struggle with emotional and behavioral issues who have not been successful in less restrictive educational settings.

Turner Academy is a K-8th grade elementary school whose main focus is to help students with significant behavioral and emotional issues succeed academically and socially. All of our students have Individual Education Plans (IEPs) and Behavioral Intervention Plans (BIPs). The curriculum is district-adopted and our main academic priority is to help students realize and strive to meet their potential. Students are placed at Turner Academy because they were not able to succeed in a less restrictive setting.

We utilize district-adopted core curriculum to help our students access grade level materials while scaffolding instruction to help them gain the fundamentals they may be missing.

The behavior change program at Turner Academy is multifaceted. It incorporates objective data collection and observation into a behavior reinforcement system. The behavior change program at Turner Academy runs concurrently with the academic program. Students earn points on a period basis in five categories: academic effort, social interactions, staff requests/redirection, and behavior goals. All of the faculty, staff and administration work together to build positive relationships with students and each other, which helps the entire school community grow and maintain a positive school culture. Through modeling positive social skills and maintaining mutual respect our students are exposed to the fundamentals of relationship building; skills necessary to being able to work as part of the larger community.

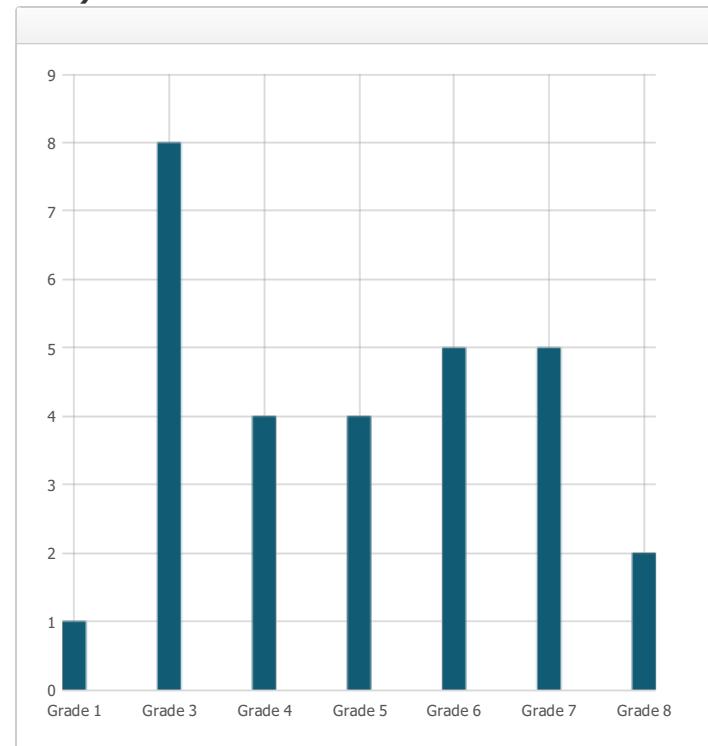

Our students receive group and individual therapy as part of the program. We have two full-time mental health clinicians as well as school psychologist four days a week that work with students in providing educationally related mental health services.

We track student academic and behavioral progress individually. This is accomplished through analyzing standardized state testing, evaluation of meeting of IEP goals, behavioral data tracking and academic growth via district benchmarks and report cards.

School Facility Conditions and Planned Improvements

MAINTENANCE AND REPAIR:

The Turner Academy facilities' condition, including grounds and restrooms, are very good based on custodial staffing, a regular district painting and maintenance schedule and funding available for equipment and supplies. Custodial workers are assigned based on a district formula to ensure equity. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

CLEANING PROCESS AND SCHEDULE:

A scheduled maintenance program is administered by Lodi Unified School District to ensure that all classrooms, restrooms and facilities are well-maintained and in good repair. Staff works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

DEFERRED MAINTENANCE PROJECTS: N/A

MODERNIZATION PROJECTS: 2013 New fencing added for security. Various office remodeled. 2016 Added access gate and security cameras. 2018 Prop 39 Yr 3-5 Wireless EMS Project completed.

NEW SCHOOL CONSTRUCTION PROJECTS: N/A

Data on school facilities was collected for Turner Academy on 9/27/2018.

Lodi Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or the district office. As of September 2018, none of the eight emergency facilities needs specified in Education Code Section 17592.72 (c)(1) exist at Turner Academy. These needs include:

- gas leaks
- nonfunctioning heating, ventilation, fire sprinklers, or air-conditioning systems
- electrical power failure
- major sewer line stoppage
- major pest or vermin infestation
- broken windows or exterior doors or gates that will not lock and that pose a security risk
- abatement of hazardous materials previously undiscovered that pose an immediate threat to pupils or staff
- structural damage creating a hazardous or uninhabitable condition

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016–17	School 2017–18	District 2016–17	District 2017–18	State 2016–17	State 2017–18
English Language Arts / Literacy (grades 3-8 and 11)	5.0%	4.0%	43.0%	44.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	0.0%	0.0%	33.0%	33.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018—19)

The faculty, staff and administration at Turner Academy want to build positive relationships with the most important people in our students' lives. When home and school work together, students feel valued and important in both environments. This creates a positive link between students' hard work and personal achievement. In order for our students to be successful they need support while at home and at school.

Caregivers play an important role in supporting their student's development and growth. At home caregivers will be expected to support their students by holding their student accountable for both their homework and daily behavior. We achieve this through open and honest communication with caregivers daily.

Keeping in mind the strong link between home and school success, Turner Academy will support caregivers as well as students through counseling services provided by the on-site clinical team. We encourage parents to volunteer in their child's class for an hour in the morning or an hour in the afternoon. There are additional volunteer opportunities during community-based outings and fieldtrips. Furthermore, Turner Academy faculty and administration foster parental involvement through the IEP process by realizing parents are valuable members of the IEP team who make decisions about their child's academic and mental health program. Parents who would like to volunteer at Turner Academy are encouraged to contact Principal Marie Caffese at 953-3200.

School Safety Plan (School Year 2018–19)

A Comprehensive School Safety Plan is in place to address safety issues as well as a school wide plan to eliminate bullying behavior. Key elements of the safety plan include safe school strategies and programs, disaster response procedures, procedures for safe ingress and egress and rules and procedures on school discipline. School wide behavior expectations and discipline policies are consistently applied, and students are provided adult supervision at all times. Visitors to the school must sign in at the office and receive a visitor's pass prior to going to classrooms. Visitors must return to the office and sign out upon leaving the school. Our Comprehensive School Safety Plan was last reviewed on 10/5/2017.

Professional Development

Lodi Unified School District is committed to supporting school district staff through quality professional development. Teachers and staff receive professional development each year. A variety of data is used to determine the focus of staff development in Lodi Unified School District. Data from state assessments, district assessments and teacher and staff surveys assist us in identifying areas of concentration. Our current focus is on early literacy skills, school safety, computer science, STEAM and support for students at risk of failure. Our goal is to continue to have a highly trained professional staff that supports the success of all students in the classroom. We provide several programs and a variety of strategies to allow staff full access to training.

Teacher Induction Program (TIP) is available to newly credentialed teachers through the district. All Teachers participate for two days of professional development per year, attend after school workshops, conferences and are released from their classroom for professional development. Non-instructional personnel are offered training in technology, budget, and job specific content. Many Paraprofessionals take advantage of district offered training. Instructional coaches are available to work with staffs on-site in their classrooms as well as through district sponsored events.
