

LODI UNIFIED SCHOOL DISTRICT

Rule 0440

Philosophy, Goals, Objectives and Comprehensive Plans

The district's technology plan shall address, at a minimum, the following components:

1. Background Information: A guide to the district's use of technology for the next three years, including:
 - a. Specific starting and ending dates of the plan
 - b. An overview of the district's location and demographics
 - c. A description of how stakeholders from the district and community were involved in the planning process
 - d. A description of the relevant research behind the strategies and/or methods in the plan and how the research supports the plan's curricular and professional development goals
2. Curriculum: Clear goals and realistic strategies for using telecommunications and information technology to improve educational services, including:
 - a. A description of teachers' and students' current access to instructional technology and current use of digital tools, including district policies or practices to ensure equitable technology access for all students
 - b. Goals and an implementation plan, including annual activities, for:
 - (1) How technology will be used to improve teaching and learning, how these goals align with district curricular goals and other plans, how the district budget and local control and accountability plan support these goals, and whether future funding proposals or partnerships may be needed for successful implementation
 - (2) How and when students will acquire the technology skills and information literacy skills needed for college and career readiness
 - (3) Internet safety and the appropriate and ethical use of technology in the classroom (see Exhibit 0440)
