

Community Relations

Visitors/Outsiders

The Board of Education believes that it is important for parents/guardians and community members to take an active interest in the issues affecting district schools and students. Therefore, the Board encourages interested parents/guardians and community members to visit the schools and participate in the educational program.

To ensure the safety of students and staff and minimize interruption of the instructional program, the Superintendent or designee shall establish procedures which facilitate visits during regular school days. Visits during school hours should be first arranged with the teacher and principal or designee. When a visit involves a conference with a teacher or the principal, an appointment should be during non-instructional time.

All outsiders as defined in law and administrative regulations shall register immediately at the school office upon entering any school building or grounds when school is in session.

For purpose of school safety and security, the principal or designee may design a visible means of identification for visitors while on school premises.

No electronic listening or recording device may be used by any person in a classroom without the teacher's and principal's permission.

The Board encourages all individuals to assist in maintaining a safe and secure school environment by behaving in an orderly manner while on school grounds and by utilizing the district's complaint processes if they have concerns with any district program or employee. In accordance with Penal Code 626.7, the principal or designee may request that any individual who is causing a disruption, including exhibiting volatile, hostile, aggressive, or offensive behavior, immediately leave school grounds.

Presence of Sex Offender on Campus

Any person who is required to register as a sex offender pursuant to Penal Code 290, including a parent/guardian of a district student, shall request written permission from the principal before entering the school campus or grounds. As necessary, the principal shall consult with local law enforcement authorities before allowing the presence of any

such person at school or other school activity. The principal also shall report to the Superintendent or designee anytime he/she gives such written permission.
