

Business and Non-Instructional Operations

Other Uses of Buses and Equipment

1. Mail and Supply

The district will provide a scheduled mail, instructional materials, and supply distribution system.

2. Buildings and Grounds

The district will provide and the Transportation Department maintain a fleet of vehicles, vans, pickups, trucks, and other equipment as may be warranted for the Maintenance and Operations Department. Daily use and assignment of such vehicles shall be made by the Director of the Maintenance and Operations Department.

3. Other Governmental Agencies

Buses and equipment may be made available as per standard fee schedule by the Director of Transportation. All school buses shall take priority.

4. Safety and Training Sessions

School buses and equipment may be used with the approval of the Assistant Superintendent, Business Services for safety and training sessions.
