Open Enrollment Act Transfers

The Board of Education desires to offer enrollment options in order to provide children with opportunities for academic achievement that meet their diverse needs. Such options shall also be provided to children who reside within another district's boundaries in accordance with law, Board policy, and administrative regulation.

Whenever a student is attending a district school on the Open Enrollment List as identified by the Superintendent of Public Instruction, he/she may transfer to another school within or outside of the district, as long as the school to which he/she is transferring has a higher Academic Performance Index.

A parent/guardian whose child is attending a district school on the Open Enrollment List and who wishes to have his/her child attend another school within the district shall apply for enrollment using Policy/Rule 5116.1 – Intra-district Open Enrollment.

The Board may deny a transfer out of or into the district upon a determination by the Board that the transfer would negatively impact a court-ordered or voluntary desegregation plan in accordance with Education Code 48355.

Standards for Rejection of Transfer Applications

As applicable, the Superintendent or designee may deny a transfer application under any of the following circumstances:

1. Upon a determination that approval of the transfer application would negatively impact the capacity of a program, class, grade level, or school building, including:
 - a. The class or grade level exceeding the district's limits pursuant to the state Class Size Reduction Program or the Morgan/Hart Class Size Reduction Program for Grades 9-12
 - b. The site, classroom, or program exceeding the maximum student-teacher ratio specified in the district's collective bargaining agreement
 - c. The site or classroom exceeding the physical capacity of the facility pursuant to the district's facilities master plan or other facility planning document
 - d. The class or grade level exceeding capacity pursuant items #a-#c above in subsequent years as the student advances to other grade levels at the school

2. Upon a determination that approval of the transfer application would have an adverse financial impact on the district, including:
 - a. The hiring of additional certificated or classified staff
 - b. The operation of additional classrooms or instructional facilities
 - c. Expenses incurred by the district that would not be covered by the apportionment of funds received from the state resulting in a reduction of the resources available to resident students

Appeal Process for Denials of Transfer Applications

A parent/guardian may appeal the district's denial of a transfer application to the Board by filing a written request of appeal with the Superintendent or designee within 10 days of the receipt of the written notification of denial. In addition, a parent/guardian who believes he/she has been subject to discrimination may file an appeal using the district's Uniform Complaint Procedures.

Uniform Complaint Procedures

The Board shall schedule an appeal hearing as soon as practicable at a regular or special meeting of the Board. At the hearing, the parent/guardian shall have the right to present oral or written evidence, rebut district evidence, and question any district witnesses. Unless the parent/guardian requests that the hearing be held in open session, the hearing shall be held in closed session in order to protect the privacy of students in accordance with law.

Closed Session Purposes and Agenda

The Board shall make its decision by the next regularly scheduled meeting and shall send its decision to all concerned parties. The Board's decision shall be final.

Program Evaluation

The Superintendent or designee shall collect data regarding the number of students who transfer out of the district pursuant to the Open Enrollment Act. He/she also shall collect data regarding the number of students who apply to transfer into the district, the number of requests granted, denied, or withdrawn, and the district schools and programs receiving applications.

When the Superintendent or designee anticipates that a particular school will receive a large number of transfer applications, he/she shall study the enrollment pattern at that school in order to anticipate future resident enrollment at the school and at the district schools into which those students would normally matriculate.

The Superintendent or designee shall regularly report to the Board regarding the implementation of this program.
