

Students

Crisis Intervention

1. At least annually, school administration will review Administrative Guidelines for Crisis Intervention with site staff.
2. A current copy of the planning checklist (from Administrative Guidelines for Crisis Intervention) must be on file in the Superintendent's office by October 1 of each school year.
3. Once a crisis situation has stabilized, school administration must make efforts to determine facts surrounding the Crisis, assess degree of impact on the school and begin to determine the level of response required.
4. The Superintendent's office must be notified immediately following a crisis which occurs at school. District Crisis Intervention Team assistance (if needed) is requested through the Coordinator of Pupil Personnel Services.
5. School administration will implement procedures for crisis intervention as specified in the Administrative Guidelines for Crisis Intervention.
