Instruction

Extra-Curricular and Co-Curricular Activities - Grades 7-12

Dear Parent,

Your son or daughter recently violated _____ High School's policy on the use or possession of a controlled substance or alcohol. The mandatory consequence of this violation is a five-day suspension from school, and a 45 day exclusion for all school activities. We regard the 45 day activity exclusion as a strong message that controlled substances and alcohol have no place on _____ High School's campus.

***Social Probation Definition:**

Students on Social Probation may not attend any school related event for forty-five (45) school days. A school related event is any school sponsored activity that occurs outside of regular school hours. School related events include, but are not limited to, participation in or attendance at school sponsored: athletic events, band, choir, drama, cheer, drill or speech performances, school dances, after school rallies, student government, club activities.

On the other hand, we require a positive intervention with your son or daughter as well. As a result, students who violate the LUSD Alcohol/Substance Abuse policy must attend a minimum of five (5) hours of substance abuse counseling to increase their awareness of the consequences of substance use and to aide in preventing further involvement with alcohol and/or controlled substances.

****Substance Abuse Counseling:**

Students must attend five (5) hours of any combination of the following: Private Counseling, Public Counseling, District approved Substance Abuse Counseling. Any associated costs will be the responsibility of the student and parent. Failure to attend the five (5) hours of Substance Abuse Counseling will result in an extension of the Social Probation until the five (5) hours are completed.

If you have further questions, or if you decide to go ahead with this program, please contact your student's assistant principal.

Sincerely,
