

LODI UNIFIED SCHOOL DISTRICT

Policy 6146.1

Instruction

High School Graduation Requirements/Standards of Proficiency

The Governing Board desires to prepare all students to obtain a high school diploma to enable them to take advantage of opportunities for postsecondary education and employment.

Course Requirements

To obtain a high school diploma, students shall complete at least the following courses in grades 9-12, with each course being one year unless otherwise specified:

A. Students must earn 230 semester units of credit

B. The course of study will include the following listed courses:

1. Four courses in English 40 units
2. Two courses of science, including biological and physical sciences 20 units
3. Two courses in mathematics taken in grades 9-12 20 units

At least one mathematics course, or a combination of the two mathematics courses, shall meet or exceed academic content standards for Algebra I or Mathematics I. Completion of such coursework prior to grade 9 shall satisfy the Algebra I or Mathematics I requirement, but shall not exempt a student from the requirement to complete two mathematics courses in grades 9-12.

4. Three courses in social studies, including United States history and geography; world history, culture and geography; a one-semester course in American government and civics; and a one-semester course in economics. 30 units
5. One course in visual or performing arts, foreign language, including American Sign Language, or career technical education (CTE) 10 units

To be counted towards meeting graduation requirements, a CTE course shall be aligned to the CTE model curriculum standards and framework adopted by the State Board of Education.

6. Two courses of physical education, unless the student has 20 units been exempted pursuant Education Code 51225.3.
7. Board-approved course or combination of courses to equal 10 credits designed specifically for 9th grade students

Because the prescribed course of study may not accommodate the needs of some students, the Board shall provide alternative means for the completion of prescribed courses in accordance with law.

The Superintendent or designee shall exempt or waive specific course requirements for foster youth, homeless students and children of military families in accordance with Education Code 51225.1 and 49701.

Retroactive Diplomas

Until July 31, 2018, any student who completed grade 12 in 2003-04 school year or a subsequent school year and has met all applicable graduation requirements other than the passage of the high school exit examination shall be granted a high school diploma.

The district may retroactively grant a high school diploma to a former student who was interned by order of the federal government during World War II or who is an honorably discharged veteran of World War II, the Korean War, or the Vietnam War, provided that he/she was enrolled in a district school immediately preceding the internment or military service and he/she did not receive a diploma because his/her educational was interrupted due to the internment or military service. A former student who satisfies these conditions and is deceased may be granted a retroactive diploma to be received by his/her next of kin.

In addition, the district may grant a diploma to a veteran who entered the military service of the United States while he/she was a district student in grade 12 and who had completed the first half of the work required for grade 12.
