

# LODI UNIFIED SCHOOL DISTRICT

Policy 6159.6

## Instruction

### Placement of Transfer Students with Exceptional Needs

It is the intent of the Board of Education that students with special needs be placed in appropriate classes within a reasonable period of time after enrollment in Lodi Unified School District

Whenever a pupil transfers into Lodi Unified School District from a school district not operating programs under the Lodi Area Special Education Region (LASER) plan in which he or she was last enrolled in a special education program, the Lodi Unified School District coordinator of Special Education may place the pupil in a comparable program for a period not to exceed thirty (30) days. This interim placement may be made without complying with subdivision (a) of Section 56321.

Before the expiration of the thirty day period, the interim placement shall be reviewed by the Individual Education Program Team and a final recommendation shall be made by the team in accordance with the requirements of the Education Code. The team may utilize information, records and reports from the school district or county program from which the pupil transferred.
