#### Migrant Education Program

The Board of Education desires to provide a comprehensive program for migrant students that attempt to mitigate the impact of educational disruption, cultural and language barriers, social isolation, health-related problems, and other factors that may inhibit the ability of migrant students to succeed in school.

The district shall make use of available funds to provide supplementary services for migrant children.

#### **Parent Advisory Council**

The Superintendent or designee shall convene a district Parent Advisory Council to actively involve parents/guardians in planning, operating and evaluating the migrant children program.

The Superintendent or designee shall cooperate with the regional migrant service center in outreach and identification of eligible migrant students and in the provision of migrant education services. He/she shall also coordinate migrant education services with other programs within the district and with other public agencies that serve migrant workers and their families.

The Superintendent or designee shall plan for late enrollments of migrant students. He/she shall ensure that each migrant student is placed at the appropriate grade level and is provided services in accordance with his/her individual needs assessment and learning plan.
