Policy 6183

## Instruction

### Home and Hospital Instruction

Lodi Unified School District shall provide home and hospital instruction at the appropriate grade level for pupils who are unable to attend class at a school site for at least ten (10) school days because of a physical handicap, physical injury, physical illness or mental illness. Home or hospital instruction shall be provided only when a student is expected to be out of school for longer than 10 consecutive school days.

The need and eligibility for home and hospital instruction shall be determined by either a physician or chiropractor or an Individualized Education Program Team.

As much as practical, the pupil shall receive instruction similar to that which would have been received at a school site.

The district shall notify parents annually that (1) individual instruction is available for temporarily disabled students and (2) when a student becomes temporarily disabled, it is the parent/guardian's responsibility to notify the district in which the student is receiving care.

The Superintendent or his/her designee shall implement and oversee this program.
