Kindergarten

Except as otherwise provided by law, the average school day established for kindergarten students shall be at least three hours, including recesses but excluding noon intermissions, but no longer than four hours, excluding recesses.

Recess may be counted as instructional minutes for purposes of determining the maximum school day if teacher supervision occurs.

In any multitrack year-round school operating pursuant to Education Code 37670(a), the kindergarten school day may be up to 265 minutes, excluding recesses.

In any district school operating an early primary program pursuant to Education Code 8970-8974, the kindergarten school day may exceed four hours, excluding recess, if both of the following conditions are met:

1. The Governing Board has declared that the extended-day kindergarten program does not exceed the length of the primary school day

Grades 1-8

Except as otherwise provided by law, the school day for elementary and middle school students shall be:

In determining the number of minutes for purposes of compliance with the minimum school day for students in grades 1-8, both noon intermissions and recesses shall be excluded.

Grades 9-12

The school day for students in grades 9-12 shall be at least 240 minutes.

5. Concurrent enrollment in a community college pursuant to Education Code 48800-48802 or, for students in grades 11-12, part-time enrollment in classes of the California State University or University of California, provided academic credit will be awarded upon satisfactory completion of enrolled courses.

For an evening high school operated pursuant to Education Code 51720-51724, the number of days, specific days of the week, and number of hours during which the program shall be in session shall be determined by the Board.

Students in grade 12 shall be enrolled in at least five courses each semester or the equivalent number of courses each quarter. This requirement shall not apply to students enrolled in regional occupational centers or programs, courses at accredited postsecondary institutions, independent study, special education programs in which the student's individualized education program establishes a different number of courses, continuation education classes, work experience

education programs, or any other course of study authorized by the Board that is equivalent to the approved high school course of study.
